These are not delegates who stend around yelling in this IDIOTIC PASHION.

In fact it was rare that a delegate could ne seen in these crowds for they were all upstairs in the hotels caucusing and can-vassing around the various headquarters. The vortex of the political whirlmay be their headquarters. The states of Onio, Iowa and Michigan also have headquar-ters separate from their candidates. As a general thing but few people outside of the New York dele-gation regard Depew's candidary with any seriousness, and it is uncertain whether his name will be present d. Before going to church this morning Mr. Depew stated to a prominent memoer of the Onlo delegation that unless N. w York was a unit for him it was doubtful if he would consent to his name coming before the convection. The manner in which the Calcago Tribune ment in Payor of It. has nursed the Gresham boom to death is the occasion a great deal of amusement and gratification at the headquarters of Harrison, Sherman, Allison and Alger.
